**Subject: Master Program on Youth Talent for Lancang-Mekong Water**

**Resources Cooperation**

Dear Dr. Somkiat Prajamwong,

I am very pleased to inform you that the Lancang-Mekong Water Resources Cooperation Center(LMC Water Center) collaborated with Hohai University has successfully applied Silk Road Scholarship for the third year, which is the Master Program for Lancang-Mekong Water Resources Talents. Over the past two years, 59 youth talents from the Mekong countries have been rewarded to acquire master's degree at Hohai University for the Lancang-Mekong Water Resources Cooperation. Many of them have played a positive role in promoting water resources cooperation in the Lancang-Mekong Basin.

Recruiting for 2019 will begin now. We suggest that 5-8 young candidates(under the age of 35) from the line ministries such as the Office of the National Water Resources, Ministry of Natural Resources and Environment, Ministry of Agriculture and Cooperative, provincial water resources authorities, water-related research institutes and universities as well as enterprises be

recommended. Please be kindly noted that the deadline for application is 6 May 2019. After the completion of application an interview will be organized by the LMC Water Center and Hohai University in the form of WeChat video chat or face to face talk to select qualified talents from the applicants. The admitted applicants will be enrolled in early September this year.

Attached hereto are the Admission Brochure and the Physical Examination Form. It is very much appreciated if you submit the candidates list to us and promote the candidates to fulfill their online application by the dead line (For details, please see the appendix).

Should you have any questions, please do not hesitate to contact:
